REMEMBERING LION GENE

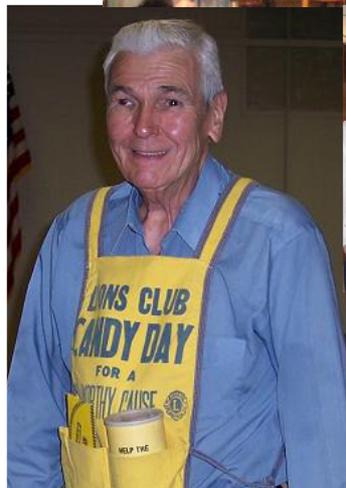

The world has lost one of its true gentle men.
- Lion Lynda

When I was emceeing the Annual Show I would go down to the men's dressing room to get ready and collect my thoughts and Gene would be down there waiting to go on stage. He always had a funny story or a quick joke to tell me to either calm my nerves or his. (I was never sure which). He will surely be missed. - Lion Glenn

For many years Gene and I would lead the chorus down the aisle with Gene on the left and me on the right. We would time ourselves to meet on the center stage and shake hands to start the show. He dedicated his service to helping others through the Lions club. He taped the show for years and sold copies of the shows to help the club. He was the highest seller on Candy Days for years. He was a friend and I will never forget him. God bless his family, he loved them very much. Lions always - Dave Smith

When leaving the stage after performing with the Beef Trust he would stop with a big smile on his face then turn and blow a kiss to Joanie and I'm sure there was a smile on her face when she received it! - Lion Al
