Well it's finally here our new Lion's year We've had some exciting things happen last month at the theatre. We had a great turn out for the Andersonville Trial put on by many local judges and lawyers. Local talent is always great to see on stage. Everyone had a great time and it was a great conclusion to our Friday Night Live Shows. There is a plan for another ghost hunt for Oct 17 after the movie Ghostbusters 10pm-3am.

Also a reminder that coming soon in October is Candy Days. Once again we are trying out Friday, Saturday, and Sunday on October 9, 10, and 11. We did great last year so we hope that this year will be just as good if not better.

We purchased a new portable eye camera coming thanks to Lions Randy and Rick.

King Lion Les mentioned last night that we have a new show director Eric Myers. We will be getting an introduction to him at one of our meetings. Our show dates have been set for March 11-13 and 18-20.

We are hosting the Zone Meeting this Month on the 29th so a great showing of lions would be great that night.

We've talked about having a night for prospective members more details to come.
